

## 2.6 AGRICULTURAL SECTOR PERFORMANCE

The evaluation report on “**The Setting for Agricultural Growth**” is appropriate.

The evaluation report on the “**Review of Agricultural Sectors Performance under the Sixth Plan**” is well enough. The capacity building of the different related organizations and personnel including farmers through training in home and abroad may be presented here.

The evaluation report on “**Overall outcome**” is mentioned properly.

The evaluation report on “**Review of Food Security Situation**” is appropriate as well.
